To whom it may concern:

I have worked with Shufelberger Construction during the past twenty five years on business and personal projects.

Some of the projects they have done include:

- Custom home
- Commercial 9,000 sq ft warehouse in Anderson, California
- 8,000 sq ft addition to warehouse on Eastside Road, Redding, California
- Remodel to warehouse on Lockheed Drive, Redding, California
- Redding Civic Plaza – Tenant improvements
- Presently doing a room addition at my home in Mount Shasta.

I have always found them to be very professional, honest and of the highest integrity. I am pleased to recommend them for any project you might be considering. If you have any questions regarding the work they have done for me, please feel free to call. My direct line is 530-226-1171.
